Delivering Qualifications in the Workplace

Care Services Leadership & Management SCQF LEVEL 10

All Care centres need staff who are able to deliver a high quality standard of care. It is important that staff employed in this area are properly trained in the skills and knowledge required to enhance the life of people they support.

RT Resources Ltd can offer the Care Services Leadership and Management Level 4 Qualification at SCQF Level 10 whilst you are employed at a Care Service.

The Care Services Leadership and Management qualification has been developed for candidates working in a variety of Care settings.

It has been designed to provide a robust and certificated qualification which equips individuals with a range of knowledge, skills and values to enable them to take on the leadership and management challenges facing care services today.

This qualification covers areas such as managing and developing yourself and your workforce within care services, leading and managing practice that promotes the safeguarding of individuals, health and safety in the work setting, and effective communication systems and practice.

Find out more about the qualification overleaf.
